Heart to Heart With God

*Prayer is not doing something
but is
being With Someone*

Explore the many facets of entering God's presence and experiencing the reality of true communion with Him through: Stillness of the Soul, Patterns for Prayer, Worship and Listening Through Music, Intercession, Hearing God's Voice Through Scripture and Journaling. Time will be allotted in each session to pray together for personal needs so we can grow in believing God as we see answered prayer.
